## PROFESSIONAL SUMMARY

Fine Arts graduate and Multiplatform Application Development (DAM) student specializing in the intersection of digital art and technical workflows. Experienced in advanced lighting, rendering, and motion graphics, with a focus on Generative AI pipelines such as ComfyUI and Stable Diffusion. Since September 2024, I have been conducting independent research to optimize creative production through 3D and AI. I offer a unique blend of creative technicality, organizational discipline, and adaptability gained from professional backgrounds in administrative and customer service roles.

## TECHNICAL SKILLS

- **Creative & Tech Art:** 3D Modeling (Blender, AutoCAD 3D), Motion Graphics (After Effects, Premiere Pro), Digital Composition, and 2D Animation.
- **Generative AI Workflows:** Expertise in ComfyUI, Suno, Nano Banana Pro, and Runway for creative optimization.
- **Motion Graphics & Design:** Highly skilled in After Effects, Premiere Pro, Photoshop, and Illustrator for high-end visual storytelling.
- **3D Modeling:** Currently focusing on Digital Sculpting (Organic) and Hard Surface Modeling techniques using Blender.
- **Render & Lighting:** Expert focus on advanced rendering and lighting techniques in Blender and Adobe After Effects.
- **Office & Productivity:** Microsoft Word, Excel, and Google Sheets.

## WORK EXPERIENCE

### Independent Visual Researcher & Digital Artist | September 2024 – Present

- Conducting advanced research on Generative AI workflows, specifically integrating ComfyUI and Stable Diffusion into professional creative pipelines
- Developing digital art and motion graphics with a strong focus on advanced lighting and rendering techniques in Blender and After Effects.
- Managing end-to-end digital art projects, demonstrating autonomy, technical problem-solving, and a high standard of visual quality.

### Store Assistant (Temporary Contract)

#### Inditex Group | July 2024 – August 2024

- Provided high-quality customer service and point-of-sale support in high-volume retail environments.
- Managed stock replenishment and inventory logistics, ensuring operational efficiency during peak demand.

### **Customer Service Assistant**

Mezzalla–Masakali Pizza | January 2023 – April 2023

- Delivered customer service in a fast-paced environment.
- Managed orders and assisted with logistics support.
- Maintained store organization and cleanliness.
- Worked collaboratively as part of a team.

### **Administrative Assistant – HR Department**

Municipal City Council | January 2021 – July 2021

- Managed and processed contracts, legal agreements, and official administrative documentation with high accuracy.
- Provided multi-channel support (in-person, phone, and online) to citizens regarding complex administrative procedures.

---

## **EDUCATION**

### **Bachelor's Degree in Fine Arts – University of Seville**

Specialization: New Technologies | GPA: 3.3 / 4.0

### **Multiplatform Application Development (DAM) – Online Program (Current)**

---

## **COURSES & TRAINING**

- Introduction to Programming – Fundae | 70 hours.
- English B2 (SEPE – SSCE04) | 240 hours.
- AutoCAD 3D – Femxa | 70 hours.
- Computer-Aided Design (CAD) – Fundae | 90 hours.
- 3D Modeling – EVAD | 40 hours.
- Digital Composition & 2D Animation – ESCAC / The Glow Animation | 40 hours.

---

## **LANGUAGES**

Spanish – Native.

English – **B2 (Professional Working Proficiency)**.

Japanese – Basic / **Initial Level (N5)**.

Korean – Basic / **Initial Level (TOPIK 1)**.

---

## **ADDITIONAL**

Driving License – Type B (own vehicle).
